1. THAT section 2 of The Township of East York Act, 1965, relating to permits for night-time parking on streets in the Township of East York be amended by striking out subsection 2 thereof respecting petitions and substituting therefor provisions to the effect that before passing a by-law under the said section, notice thereof shall be sent to all persons shown by the last revised assessment roll of the Corporation as having the qualification of municipal electors in respect of land abutting on the highways or parts thereof proposed to be designated, that the by-law may be passed unless a petition in objection thereto signed by at least two-thirds of the persons entitled to such notice is received by the clerk of the Corporation within one month, and that when the council of the Corporation is prevented from passing the by-law by reason of such a petition, the council may again proceed under the said section after the expiration of two years from the receipt of the

petition in respect of the highways or parts thereof to be so designated, and further that the present subsections 3 and 4 of the said section be renumbered as required.

2. THAT notwithstanding any general or special Act, the council of the Corporation may by by-law authorize and direct the treasurer of the Corporation to allow a credit equivalent to that portion of the real property taxes imposed by the Corporation for school purposes on payment by any person of the remaining portion of the real property taxes so imposed in respect of any residential real property or any part thereof owned by such person, or by the husband or wife of such person, or by both, as his, her or their personal residence, as the case may be, where such person or the husband or wife of such person, or both, has or have attained the age of sixty-five years and is or are receiving a governmental benefit under the Old Age Security Act (Canada), provided, however, that no such credit,

- (a) shall exceed the sum of \$100 in any one year;
- (b) shall be allowed to any person in respect of more than one such property in any one year;
- (c) shall be allowed to any person who has not made application therefor on or before the last day of February in the year in respect of which such credit is claimed become due and payable;
- (d) shall be allowed to any person unless such person, or the husband or wife of such person, or both, has or have been assessed as the owner or owners of real property in the Borough of East York for at least ten of the fifteen years immediately preceding the year in which the application for such a credit is made; or
- (e) shall be allowed to any person unless and until such person, and the husband or wife, if any, of such person, has or have passed whatever means test may be prescribed by such by-law;

and further that:

- (a) the amount of any such credit allowed from time to time pursuant to the foregoing provisions shall, until payment thereof, be a lien or charge upon the residential real property in respect of which such credit has been so allowed;
- (b) the amount of such lien or charge shall become due and be paid to the Corporation upon any change in ownership of such residential real property, whether by deed of conveyance, gift, quit claim, release or surrender, or by devise, inheritance or operation of law or otherwise howsoever, provided that this provision (b) shall not apply to any change of ownership as a result of which the owner thereafter is a person entitled to a credit pursuant to the foregoing provisions;
- (c) a certificate of the clerk of the Corporation setting out the amount of any such credit, together with a description sufficient to identify such residential real property, shall be registered in the proper registry or land titles office against the title to such land upon proof by affidavit of the signature of the clerk, and, upon payment in full to the Corporation of the amount of such credit and interest (if any) thereon, a certificate of the clerk showing such payment shall be similarly registered, and thereupon the said residential real property is freed from all liability with reference thereto;

28. Upon the designation of a collector's group by the Commission, sections 8 to 12, sections 14 and 15, and sections 19 to 26 apply *mutatis mutandis* to the collector and to the designated members of the collector's group.

29.—(1) The designation of a collector's group by the Commission may be made upon such terms and conditions as the Commission deems proper and may be withdrawn if, in the opinion of the Commission, the collector is not giving proper and efficient service to the members of the group or is not complying with the Act or this Regulation.

(2) Where the designation of a collector's group is withdrawn under subsection 1, the Commission may terminate the group upon such terms and conditions as the Commission determines.

30. Notwithstanding section 19, a member of a collector's group is not entitled to insured services for a benefit period in respect of which he has failed to pay the premium as required by this Regulation.

PAY-DIRECT PARTICIPATION

31.—(1) A resident who is not otherwise an insured person may become an insured person as a pay-direct participant by submitting an application in the prescribed form to the Commission together with the prescribed premium for a benefit period of three months.

(2) The payment of the premium under subsection 1 entitles the applicant to insured services for three months commencing on the first day of the third month next following that in which the premium is due and paid, and thereafter for each three-month period in respect of which the premium is due and paid.

32. If a member of a mandatory group or of a collector's group ceases to be a member of the group, or if the group is terminated or its designation as a group withdrawn by order of the Commission, and if the member does not become a member of another mandatory group or collector's group but wishes to remain entitled to receive insured services, he shall make application to become a pay-direct participant by submitting to the Commission his certificate of payment forthwith after ceasing to be a member of the group.

33.—(1) Every pay-direct participant shall notify the Commission of any change in his insurable status or residence within thirty days of the change and shall concurrently pay any additional premium required by reason of the change.

(2) The payment of an additional premium under subsection 1 entitles an insured person qualified by the payment to a benefit period commencing on the first day of the third month after the month in which the payment is due and paid.

(3) Where a pay-direct participant pays to the Commission more than he is required to pay under this Regulation and applies in the prescribed form for a refund of the excess, the Commission shall refund the excess, but no refund shall be made in respect of a fraction of a month.

RECIPIENT OF PUBLIC ASSISTANCE

34. Where the Director of Welfare Allowances of the Department of Public Welfare deems that a person who receives a benefit listed in subclause i of clause c of subsection 1 of section 1 should, because of needy circumstances, be provided with a hospital insurance certificate at the expense of Ontario, he may approve the person for the purpose.

35.—(1) When the person responsible for administering the public assistance notifies the Commission that a resident is a recipient of public assistance, the Commission shall issue a hospital insurance certificate in the name of the recipient of public assistance without payment of any premium and shall deliver it to the Department of Public Welfare and the recipient thereupon becomes an insured person entitled to receive insured services.

(2) Where a person has ceased to be a recipient of public assistance, the person responsible for administering the public assistance shall immediately notify the Commission.

(7) Where a municipality adds a person who is not an insured person to its designated group of recipients of municipal unemployment relief or to its designated group of municipal hospital indigents and that person requires any of the insured services before the date on which his benefit period is to begin, he shall be deemed to be a hospital indigent under section 37 until his benefit period begins.

(8) Upon application therefor in the prescribed form and with the approval of the Commission, the Commission may refund to a municipality any amount paid by the municipality as a premium on behalf of any member of its group of recipients of municipal unemployment relief, or its group of municipal hospital indigents, that is not required to be paid under this Regulation.

HOSPITAL INDIGENT

37.—(1) Where a resident who is not an insured person is admitted to a hospital and is at the time of admission, or later becomes, a person for whom a municipality or Ontario is responsible under *The Public Hospitals Act*, the Commission shall pay to the hospital an amount in respect of insured services received by the hospital indigent equal to the difference between the statutory rate payable under that Act and the per diem rate established for the hospital by the Commission.

(2) An insured person is entitled to insured services only for the period of time following admission during which such services are, in the opinion of the Commission, medically necessary.

(3) The Commission may at any time and from time to time require a hospital to obtain from the insured person's attending physician and forward to the Commission a written statement which the attending physician shall provide regarding the condition of the insured person and stating the reasons showing the necessity for the insured services or other treatment provided during all or any part of his stay in hospital.

(4) Where a patient receives any out-patient services, the attending physician shall prepare, within twenty-four hours after the services are provided, a medical record for the patient in the prescribed form.

(2) As soon as the attending physician is of the opinion that an insured person under his care no longer requires to remain in hospital for medical reasons, the physician shall order the patient to be discharged from the hospital forthwith.

INSURED SERVICES OUTSIDE ONTARIO

50.—(1) An insured person who receives treatment in a hospital outside Ontario may be reimbursed by the Commission for all or part of the cost of insured services received on presentation to the Commission of a detailed receipt from the hospital for payment made to the hospital by him, or the Commission may make payment directly to the hospital for insured services received by the insured person, where,

- (a) the hospital that supplied the care and treatment is approved by the Commission for the purposes of the plan of hospital care insurance;
- (b) the hospital that supplied the care and treatment is licensed or approved as a hospital by the governmental hospital licensing authority in whose jurisdiction the hospital is situated;
- (c) the hospital certifies to the Commission,

- (i) that the insured person was admitted, with the date of admission,
- (ii) the diagnosis of the condition for which the insured person was admitted,
- (iii) the date of discharge or death of the insured person,

- (iv) the nature of any complication, complications, or sequelae, if any, that would explain a longer than average stay in hospital for a person with the disease or condition from which the insured person was suffering,
- (v) the kind and number of any laboratory, radiological or other special diagnostic tests performed on or for the insured person,
- (vi) the nature of any special treatment procedures or surgery that were performed on the insured person,
- (vii) the discharge diagnosis or cause of death, as the case may be, and
- (viii) such other information as is required or requested by the Commission; and

(d) the accommodation and services received do not constitute, in the opinion of the Commission, the custodial type of care provided in a home for the aged, an infirmary or other institution of a similar character.

(2) Where a person receives treatment in a hospital outside Canada, the cost of the insured services paid by the Commission shall be the amount determined by the Commission for that hospital.

(3) Where an insured person receives treatment in a hospital outside Ontario for an acute attack of mental illness or tuberculosis, the Commission may reimburse the insured person for the cost thereof for a period not exceeding sixty days, and subsections 1 and 2 apply as if the treatment were an insured service.

(4) The Commission may enter into a reciprocal agreement with any other province in Canada to pay the full per diem rate of that other province for treatment received by an insured person in a hospital that is in that province and that is approved for participation in the plan of hospital care insurance for that province.

51.—(1) Where a resident takes up residence elsewhere, his benefit period extends for the period for which he has paid premiums in advance but not to exceed three months from the date of taking up such residence.

(2) Notwithstanding subsection 1, the benefit period of a resident leaving Ontario shall not extend so as to overlap any hospitalization insurance plan coverage.

THIRD PARTY LIABILITY

52.—(1) In this section, "notice" means notice in writing by personal delivery or mailed by registered mail addressed to the latest post office address of the person to whom the notice is sent as shown on the records of the Commission or, where no address is shown for him on the records of the Commission, then addressed to him at his post office address as shown on the records of the hospital that provided the insured services.

(2) The Commission is subrogated to any right of an insured person to recover all or part of the cost of insured services from any other person, including future insured services, and the Commission may bring action in the name of the insured person to enforce such rights.

(3) An insured person shall not release any right to which the Commission is subrogated without the consent of the Commission.

(4) An insured person, who commences an action to recover for loss or damages arising out of the negligence or other wrongful act of a third party to which the injury or disability in respect of which insured services have been provided is related, shall include a claim on behalf of the Commission for the cost of the insured services.

(5) Where an insured person commences an action referred to in subsection 4, his solicitor shall so inform the Commission forthwith after issuing the writ and shall act as solicitor for the Commission for the purpose of this section unless notified by the Commission that another solicitor is appointed by the Commission for the purpose.

(6) Subject to subsection 8, where an insured person obtains a final judgment in an action in which he includes a claim on behalf of the Commission, the Commission shall bear the same proportion of the taxable costs otherwise payable by the insured person, whether on a party and party basis or on a solicitor and client basis, as the recovery made on behalf of the Commission bears to the total recovery of the insured person in the action or, where no recovery is made, as the assessed claim of the Commission bears to the total damages of the insured person assessed by the court.

(7) Where a claim is settled, the Commission shall bear the same proportion of the taxable costs otherwise payable by the insured person as is set out in subsection 6 in respect of a recovery made.

(8) The costs for which the Commission may be liable to bear a portion under subsection 6 are the costs of bringing the action to the conclusion of the trial only and do not include the costs of any other proceeding without the written consent of the Commission.

(9) If no action has been commenced by an insured person for the recovery of damages arising out of injury or disability within eleven months of the last act or omission that caused or contributed to the injury or disability, or before thirty days before the expiration of the limitation period for the action, whichever occurs first, the Commission,

(a) after notice thereof to the insured person, may commence an action in his name for the recovery of the cost of insured services; and

(b) may effect settlement of its claim without prejudice to the right of the insured person to commence an action to recover for his injuries or other damages.

(10) The insured person, at any time prior to the trial of an action commenced by the Commission under subsection 9, may, subject to the rules of court, join in such action any additional claims arising out of the same occurrence and thereafter the insured person shall have the conduct of the action as if he had commenced it under subsection 4.

(11) Where the insured person is an infant or under other disability or has died, the Commission may commence an action in its own name for the recovery of the cost of insured services rendered to him and, in that event, shall forthwith give notice of the institution of such action to the parent or guardian of the infant, or to the committee or guardian of the person under disability, or to the personal representative, if any, of the deceased person, and subsections 9 and 10 apply *mutatis mutandis* to such action.

(12) An insurer shall pay to the Commission any amount referable to a claim for recovery of the cost of insured services that would otherwise be payable, and the payment discharges the liability of the insurer to pay that amount to the insured person.

THE HOSPITAL SERVICES COMMISSION FUND

53.—(1) The Commission shall establish a Fund to be known as The Ontario Hospital Services Commission Fund.

(2) All money received by the Commission shall be deposited to the credit of the Fund in a chartered bank or the Province of Ontario Savings Office.

(b) payment is conditional upon the hospitalization of a resident; or

(c) payment is dependent upon the length of time the resident is a patient in a hospital.

(3) Subsections 2 and 6 do not apply for the first three months after a person takes up residence in Ontario.

(4) Notwithstanding subsections 2 and 6, an insurer may make or renew, or make a payment under, a contract or a group contract under which a resident is to be provided with or reimbursed or indemnified for,

(a) the cost of any hospital service other than an insured service;

(b) the cost of fees for professional services, whether or not the services are rendered in hospital; or

(c) loss of time because of disability, if the rate of payment is not increased by the hospitalization of the resident.

(5) A resident insured under one or more contracts referred to in clause a of subsection 4 shall not receive a total sum from all payments under such contract or contracts in respect of the cost of any hospital service that is not an insured service that is in excess of the actual charges made for the service by the hospital.

(6) A resident shall not accept or receive any benefit under any contract or agreement, other than a policy of insurance under section 220 of *The Insurance Act*, whereby he or his dependants may be provided with or reimbursed for the cost of any hospital service that is an insured service.

(7) Notwithstanding anything in this section, where the regular place of principal employment of a resident is in the United States of America and he is entitled, by virtue of his employment, to enter into an agreement for hospitalization insurance, the resident may enter into the agreement and he and his dependants may accept and receive any benefits under the agreement.

(8) When a payment is made to or on behalf of an insured person under an agreement referred to in subsection 7, the Commission may pay the difference between the amount paid under the agreement and the per diem rate established by the Commission for the hospital concerned.

1. THAT section 2 of The Township of East York Act, 1965, relating to permits for night-time parking on streets in the Township of East York be amended by striking out subsection 2 thereof respecting petitions and substituting therefor provisions to the effect that before passing a by-law under the said section, notice thereof shall be sent to all persons shown by the last revised assessment roll of the Corporation as having the qualification of municipal electors in respect of land abutting on the highways or parts thereof proposed to be designated, that the by-law may be passed unless a petition in objection thereto signed by at least two-thirds of the persons entitled to such notice is received by the clerk of the Corporation within one month, and that when the council of the Corporation is prevented from passing the by-law by reason of such a petition, the council may again proceed under the said section after the expiration of two years from the receipt of the petition in respect of the highways or parts thereof to be so designated, and further that the present subsections 3 and 4 of the said section be renumbered as required.

2. THAT notwithstanding any general or special Act, the council of the Corporation may by by-law authorize and direct the treasurer of the Corporation to allow a credit equivalent to that portion of the real property taxes imposed by the Corporation for school purposes on payment by any person of the remaining portion of the real property taxes so imposed in respect of any residential real property or any part thereof owned by such person, or by the husband or wife of such person, or by both, as his, her or their personal residence, as the case may be, where such person or the husband or wife of such person, or both, has or have attained the age of sixty-five years and is or are receiving a governmental benefit under the Old Age Security Act (Canada), provided, however, that no such credit,

- (e) shall be allowed to any person unless and until such person, and the husband or wife, if any, of such person, has or have passed whatever means test may be prescribed by such by-law;

and further that:

- (a) the amount of any such credit allowed from time to time pursuant to the foregoing provisions shall, until payment thereof, be a lien or charge upon the residential real property in respect of which such credit has been so allowed;
- (b) the amount of such lien or charge shall become due and be paid to the Corporation upon any change in ownership of such residential real property, whether by deed of conveyance, gift, quit claim, release or surrender, or by devise, inheritance or operation of law or otherwise howsoever, provided that this provision (b) shall not apply to any change of ownership as a result of which the owner thereafter is a person entitled to a credit pursuant to the foregoing provisions;
- (c) a certificate of the clerk of the Corporation setting out the amount of any such credit, together with a description sufficient to identify such residential real property, shall be registered in the proper registry or land titles office against the title to such land upon proof by affidavit of the signature of the clerk, and, upon payment in full to the Corporation of the amount of such credit and interest (if any) thereon, a certificate of the clerk showing such payment shall be similarly registered, and thereupon the said residential real property is freed from all liability with reference thereto;

and further that any such by-law may prescribe such regulations with respect to the administration thereof, not inconsistent with the foregoing provisions, as to the council of the Corporation may seem proper, and shall provide for including in the yearly estimates of the Corporation all sums required to give effect to the provisions of such by-law.

- (c) a certificate of the clerk of the Corporation setting out the amount of any such credit, together with a description sufficient to identify such residential real property, shall be registered in the proper registry or land titles office against the title to such land upon proof by affidavit of the signature of the clerk, and, upon payment in full to the Corporation of the amount of such credit and interest (if any) thereon, a certificate of the clerk showing such payment shall be similarly registered, and thereupon the said residential real property is freed from all liability with reference thereto;

Publications Under The Regulations Act

February 4th, 1967

THE DEPARTMENT OF EDUCATION ACT

O. Reg. 24/67.

General Legislative Grants.

Made—January 10th, 1967.

Approved—January 23rd, 1967.

Filed—January 24th, 1967.

REGULATION MADE BY THE MINISTER UNDER THE DEPARTMENT OF EDUCATION ACT GENERAL LEGISLATIVE GRANTS

INTERPRETATION

1. In this Regulation,

- (a) "provincial equalizing factor" means the factor determined by the Department of Municipal Affairs to adjust the local assessment of the whole or part of a municipality to the assessment to be used for grant purposes;
- (b) "rural area under the jurisdiction of the board" means the portion of a school section or separate school zone that is in a rural municipality, or in an urban municipality having a population of under 1,000 as determined by reference to the municipal census taken in the year in which the assessment roll on which taxes were levied for the preceding year, less the number of inmates of public institutions, was prepared;
- (c) "rural municipality" means a township either with or without municipal organization, and unsurveyed territory;
- (d) "urban municipality" means a city, town or village; and
- (e) "year" means the period from and including the 1st day of January to and including the 31st day of December next following.

2. "Recognized extraordinary expenditure" shall be subject to the approval of the Minister.

APPORTIONMENT

3. The general legislative grants for public schools, separate schools, continuation schools, high schools and vocational schools shall be,

- (a) apportioned and distributed to boards in accordance with this Regulation; and
- (b) applied to such school purposes as the board receiving a grant deems expedient.

CONTINGENCIES OF GRANTS

4.—(1) Where a board does not comply with the Acts administered by the Minister or the Regulations thereunder, the Minister may withhold the whole or any part of a grant payable until the board has taken the action necessary to correct the condition that caused the grant to be withheld.

(2) Where the grant payable under this Regulation is for any reason overpaid, the board shall refund the amount of the overpayment to the Province of Ontario.

(3) Where the grant payable under this Regulation is for any reason underpaid, the amount of the underpayment shall be paid to the board.

5.—(1) The grant payable under this Regulation shall be paid in the number of instalments and at the times designated by the Minister.

(2) Where in any year the amount voted by the Legislature for the grants under this Regulation is insufficient or more than sufficient to pay the grants in full, the Minister may make a *pro rata* reduction or increase, as the case may be.

PART I

CORPORATION TAX ADJUSTMENT GRANT

APPLICATION

6. This Part applies to general legislative grants to elementary-school boards with respect to corporation assessment.

INTERPRETATION

7. In this Part,

- (a) "corporation assessment" has the same meaning as in *The Assessment Act*;
- (b) "commercial assessment" means,
 - (i) the assessment of real property that is used as the basis for computing business assessment including the assessment for real property that is rented and occupied or used by the Crown in right of Canada or any province or any board, commission, corporation, or other agency thereof, or by any municipal corporation or local board thereof,
 - (ii) business assessment, and
 - (iii) the assessment for mineral lands, railway lands, other than railway lands actually in use for residential and farming purposes, and pipe lines, and the assessment of telephone and telegraph companies;
- (c) "municipality" has the same meaning as in *The Municipal Act* except that where a school section or separate school zone includes all or part of one or more organized municipalities and territory without municipal organization, the territory without municipal organization shall be deemed to be part of the organized municipality having the greatest assessment as provided in subsection 1 of section 59 of *The Public Schools Act*.

8. The average corporation assessment per pupil in a municipality, correct to two places of decimals, shall be determined by dividing the total corporation assessment in the municipality, as shown on the 1965 assessment roll, by the enrolment of elementary-school pupils resident in that municipality on the last school-day of September, 1966.

9.—(1) In a municipality where, according to the 1965 assessment roll, the corporation assessment is 5 per cent or more of the total assessment, there shall be calculated and, subject to subsection 2, allocated to each elementary-school board for purposes of section 11 and subsection 2 of section 13 the amount of assessment computed by multiplying the enrolment of pupils, including those whose fees are payable by the board, resident in that municipality in the area under the jurisdiction of the board on the last school-day of September, 1966 by the average corporation assessment per pupil as determined in section 8.

(2) The amount of assessment in a municipality allocated to a board under subsection 1 shall be limited to the excess of the amount calculated for the board over the amount of corporation assessment in the municipality already supporting the board and shall be not less than zero.

10. The average mill rate, correct to three places of decimals, for public-school purposes in a municipality on commercial assessment shall be obtained by dividing the amount levied in 1966 on commercial assessment for all public-school boards in the municipality by the total commercial assessment, as shown on the 1965 assessment roll, supporting public-school boards in the municipality, and multiplying by 1,000.

11. A board to which assessment has been allocated under section 9 shall be paid a grant of the amount determined by multiplying the product of the assessment so allocated and .001 by the greater of,

- (a) one mill, adjusted by the provincial equalizing factor applicable to the assessment, together with the mill rate determined in section 10, and
- (b) 5.5 mills adjusted by the provincial equalizing factor applicable to the assessment,

and where the amount is less than 40 per cent of the corporation tax adjustment grant payable in 1966 the grant shall be 40 per cent of the corporation tax adjustment grant payable in 1966.

hereinafter referred to as "THE COMMISSION",

OF THE FIRST PART;

Now THEREFORE, subject to,

- (a) *The Crop Insurance Act (Ontario), 1966*;
- (b) the regulations made thereunder; and
- (c) the endorsement respecting an insured crop,

where in a crop year the insured person suffers a loss in the production of an insured crop from one or more of the perils designated in the plan for such crop, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract an insured crop means an insurable crop in respect of which,

- (a) a plan has been established; and
- (b) an endorsement under such plan is in force.

EXTENT OF INSURANCE

2.—(1) The insured person shall offer for insurance all acreage seeded in each crop year to an insured crop on the farm or farms operated by him in Ontario, and, subject to subparagraph 2, this contract applies to all such acreage.

(2) This contract does not apply to acreage,

- (a) seeded to an insured crop that,
- (i) was not adequately prepared for cropping purposes,
- (ii) was seeded after the final date prescribed for seeding in the plan,
- (iii) was seeded in an area to a variety of the insured crop not recommended for the crop year for that area in Publication No. 296 of the Department of Agriculture and Food of Ontario entitled "Field Crop Recommendations",

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees; or
- (b) a peril other than the perils designated in the plan for the insured crop.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

(4) Where, in respect of an insured crop, the insured person,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

5. No term or condition of this contract or of an endorsement shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

6. Notwithstanding that a person other than the insured person holds an interest of any kind in an insured crop, for the purposes of this contract,

(a) the interest of the insured person in the insured crop is deemed to be the full value of the total guaranteed production; and

(b) except as provided in paragraph 7, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

7. The insured person may assign all or part of his right to indemnity under this contract in a crop year in respect of an insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

(b) the Commission consents thereto in writing.

NOTICE OF LOSS OR DAMAGE

8.—(1) Where loss or damage to an insured crop results from one or more of the perils insured against and the insured person intends to abandon or destroy the insured crop, or to reseed or use the seeded acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to an insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within five days of such time.

(3) Where loss or damage to an insured crop results from one or more of the perils insured against and it appears to the insured person that the potential production of the insured crop will be less than the total guaranteed production, the insured person shall notify the Commission in writing within such time prior to the harvesting of the insured crop as will enable the Commission to make a pre-harvest inspection of the insured crop.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of an insured crop,

(a) the actual production is less than the total guaranteed production; and

(b) the loss in production resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing within five days of completion of harvesting.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

9.—(1) No acreage seeded to an insured crop shall be put to another use and no insured crop shall be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph 1 shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

10.—(1) The indemnity payable for loss or damage to an insured crop shall be determined in the manner prescribed by the endorsement for the insured crop.

(2) The Commission may cause the production of an insured crop to be appraised by any method that it deems proper.

(3) The loss in respect of an insured crop and the amount of indemnity payable therefor shall be determined separately for each insured crop.

(4) No indemnity shall be paid for a loss in respect of an insured crop unless the insured person establishes,

(a) the actual production obtained from the insured crop for the crop year; and

(b) that the loss in production in the crop year resulted directly from one or more of the perils insured against.

PROOF OF LOSS

11.—(1) A claim for indemnity in respect of an insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after.

(a) the completion of harvesting of the insured crop; or

(b) the end of the crop year in which the loss occurred,

whichever is the earlier.

(2) Subject to subparagraph 3, a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

(a) in the case of the absence or inability of the insured person, by his agent; or

(b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 7.

ARBITRATION

12. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

13.—(1) Except as otherwise provided in the endorsement for an insured crop, no indemnity under this contract becomes due and payable until the end of the crop year in which the loss or damage was sustained.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

14. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

15. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

DEATH OR ASSIGNMENT UNDER THE BANKRUPTCY ACT

16. This contract terminates in respect of each insured crop at the end of the crop year in which the death of the insured person occurs or an authorized assignment is made by him under the *Bankruptcy Act* (Canada).

NOTICE

17.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this contract of insurance to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

CONTRACT OF INSURANCE

6. For the purposes of this plan, the entire contract of insurance for winter wheat shall be deemed to be comprised of,

DURATION OF CONTRACT

8.—(1) A contract of insurance shall be in force for the crop year in respect of which it is made, and shall continue in force for each crop year thereafter until it is cancelled by the insured person or the Commission in the manner prescribed by subsection 2 or is terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing to the other party on or before the 1st day of September in the crop year during which the cancellation is to be effective.

COVERAGE

9.—(1) The coverage provided under a contract of insurance shall be,

- (a) 60 per cent;
- (b) 70 per cent; or
- (c) 80 per cent,

of the normal expected yield in bushels of the total acreage seeded to winter wheat by the insured person in accordance with the regulations.

(2) The number of bushels determined under subsection 1 constitutes the total guaranteed production under a contract of insurance.

10.—(1) Subject to subsection 2, the percentage of the normal expected yield selected by an applicant at the time a contract of insurance is made applies in each succeeding crop year during which the contract is in force.

(2) Where,

- (a) the insured person applies therefor in writing on or before the 1st day of September in a crop year; and
- (b) the Commission consents in writing,

any percentage designated in subsection 1 of section 9 may be substituted for the percentage selected by the insured person at the time a contract of insurance is made or any percentage substituted in lieu thereof under this subsection.

11. The maximum amount for which the Commission is liable under a contract of insurance shall be the amount obtained by multiplying the total guaranteed production determined under section 9 by the established price per bushel prescribed by section 12.

12. For the purposes of this plan, the established price for winter wheat is \$1.50 per bushel.

PREMIUMS

13.—(1) The premium payable by an insured person for acreage in a county or territorial district named in column 1 of Table 1 for each \$100 of liability determined under section 11 is the amount set opposite the name of the county or territorial district,

14.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop year in which the insured person seeds acreage to winter wheat.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit, if any, to the Commission at the time he files the final acreage report prescribed by section 15.

FINAL ACREAGE REPORTS

15.—(1) Every insured person shall file with the Commission in each crop year a final acreage report in Form 3 within ten days after the seeding of acreage to winter wheat is completed.

(2) A final acreage report filed with the Commission shall not be amended without the consent in writing of the Commission.

16.—(1) The Commission may revise the final acreage report in any or all respects and adjust the premium accordingly and, in such case, shall notify the insured person in writing forthwith respecting such revision and adjustment.

(2) The insured person shall be deemed to have agreed with the revision of the final acreage report and adjustment of premium made by the Commission under subsection 1 unless, within ten days from the mailing or delivery of the notification by the Commission, he notifies the Commission in writing that he rejects such revision and adjustment.

(3) Where the Commission receives notice from an insured person under subsection 2, it shall notify the insured person in writing that the contract of insurance does not apply for the crop year in respect of which the final acreage report was filed and shall refund any premium or premium deposit paid in respect of that crop year.

(4) A final acreage report revised under this section shall, failing notice under subsection 2, constitute the final acreage report for the crop year.

17.—(1) Where an insured person in any crop year fails to file a final acreage report in the form and manner prescribed by this Regulation, the Commission may,

- (a) prepare a final acreage report; or
- (b) declare the insured acreage to be nil.

(2) Where the Commission prepares a final acreage report under subsection 1, the Commission shall mail or deliver a copy of the report to the insured person.

(3) Every insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days from the mailing or delivery to him of a copy of the report.

18.—(1) Where the Commission has not revised the normal expected yield stated by the insured person in a final acreage report, the Commission may, on the adjustment of a claim for a loss in production of winter wheat in the crop year, require the insured person to satisfy the Commission that such normal expected yield was based on a reasonable assessment of the productivity of the seeded acreage under normal growing conditions.

(2) Where the insured person fails to satisfy the Commission under subsection 1, the Commission shall determine the normal expected yield and shall reduce accordingly the total guaranteed production deter-

mined in accordance with section 9 and the maximum amount of indemnity for which it is liable under section 11, but no portion of the premium shall be refunded.

The Crop Insurance Act (Ontario), 1966
WINTER WHEAT ENDORSEMENT

WHEREAS the insured person has applied for crop insurance for winter wheat under The Ontario Crop Insurance Plan for Winter Wheat, hereinafter referred to as "the plan", and has paid the deposit premium prescribed thereunder;

NOW THEREFORE, subject to *The Crop Insurance Act (Ontario), 1966* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover winter wheat.

CAUSES OF LOSS INSURED AGAINST

1. This endorsement insures against a loss in the production of winter wheat in a crop year resulting from drought, excessive moisture, excessive rainfall, flood, frost, hail, insect infestation, plant disease, wind and winter-kill.

DURATION OF INSURANCE

2. The contract of insurance for winter wheat is in force for the crop year in which it is made and continues in force for each crop year thereafter until it is cancelled or terminated in accordance with the regulations.

COVERAGE

3. The coverage provided for winter wheat in each crop year is such percentage of the normal expected yield in bushels of the total acreage seeded to winter wheat as is selected by the insured person in his application or such other percentage as may be selected by him from time to time with the consent of the Commission.

TOTAL GUARANTEED PRODUCTION

4. The number of bushels determined in accordance with paragraph 3 is the total guaranteed production of winter wheat for a crop year.

INDEMNITY

5. The maximum indemnity payable for a loss in production of winter wheat in a crop year is the amount obtained by multiplying the total guaranteed production by the price per bushel established in the plan.

PREMIUM

6. For each crop year in which the insured person seeds acreage to winter wheat, an annual premium shall be paid, the amount of which shall be determined in the manner prescribed by the plan.

FINAL ACREAGE REPORT

7. In each crop year in which the contract of insurance is in force for winter wheat, the insured person shall file a final acreage report in the form and manner prescribed by the plan.

CROP YEAR

8. The crop year for winter wheat is the period from the 1st day of September in any year to the 31st day of August in the year next following.

FINAL DATE FOR SEEDING

9. The final date for seeding winter wheat in a crop year is the 31st day of October.

HARVESTING OF SEEDED ACREAGE

10.—(1) All acreage seeded to winter wheat in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the seeded acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The harvesting referred to in subparagraph 1 shall be completed not later than the 31st day of August or such other date as may be determined from time to time by the Commission.

EVALUATION OF LOSS

11. For the purposes of determining the loss in production of winter wheat in a crop year and the indemnity payable therefor, the value of the crop shall progress through the stages prescribed in paragraphs 12, 13 and 14.

STAGE 1

12.—(1) Stage 1 comprises the period from the date on which the seeding of acreage to winter wheat is completed to and including the 15th day of June in the crop year.

(2) Where loss or damage occurs in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(3) Where the damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph 2, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying,

- (a) 30 per cent of the guaranteed production for the damaged acreage; or

- (b) the difference between the guaranteed production and the potential production determined under subparagraph 2 for the damaged acreage,

whichever is the lesser, by the established price per bushel.

(4) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph 3 shall not be taken into account in the final adjustment of loss.

STAGE 2

13.—(1) Stage 2 commences on the 16th day of June in the crop year and, with respect to any part of the seeded acreage, ends with the completion of harvesting of such part.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(3) Where damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph 2, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between,

- (a) 90 per cent of the guaranteed production for the damaged acreage; and
- (b) the potential production determined under subparagraph 2 for the damaged acreage,

by the established price per bushel.

(4) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph 3 shall not be taken into account in the final adjustment of loss.

STAGE 3

14.—(1) Stage 3 applies to seeded acreage with respect to which harvesting has been completed.

(2) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per bushel.

FINAL ADJUSTMENT OF LOSS FOR TOTAL SEEDED ACREAGE

15. The indemnity payable with respect to the total seeded acreage in the final adjustment of loss shall be the sum of all Stage 1, Stage 2 and Stage 3 loss calculations applicable to such acreage, but where the actual production of any harvested acreage exceeds the guaranteed production of such acreage, the indemnity otherwise payable shall be reduced by the amount obtained by multiplying such excess by the established price per bushel.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

- 16.—(1) Where the actual seeded acreage of winter wheat in a crop year is less than the seeded acreage declared on the final acreage report, the guaranteed production and the amount of insurance shall be reduced in the proportion that the actual acreage bears to the declared acreage.
- (2) Where the actual seeded acreage of winter wheat in a crop year exceeds the seeded acreage declared on the final acreage report, the guaranteed production per acre for the field in respect of which the incorrect acreage was declared shall be reduced in the proportion that the declared acreage bears to the actual acreage.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

TEST PROCEDURES AND REQUIREMENTS

SIZE FACTOR MEASUREMENT TEST

2.—(1) A size factor measurement test shall be carried out by,

- (a) mounting a tire on the standard rim referred to in column 2 of Schedule 1 for the tire size set opposite thereto in column 1; and
- (b) inflating the tire to the pressure referred to in column 3 of Schedule 1 for the tire size set opposite thereto in column 1 and allowing the tire to stand for twenty-four hours at that pressure.

(2) Subject to subsection 3, where a tire has been mounted and inflated in accordance with subsection 1, the tire shall be measured with callipers at six different points spaced approximately equally around the circumference of the tire, and the average of these measurements shall be deemed to be the section width.

(3) Where the widest part of the tire occurs at a letter or at a sidewall design, the height of the letter or sidewall design shall be deducted from the measurements referred to in subsection 2.

(4) The outer diameter of the tire shall be determined by measuring the outer circumference of the tire at the centre of the tread with a steel tape-measure and dividing the measurement thus obtained by 3.1416.

(5) The size factor of the tire, as determined under subsections 1, 2, 3 and 4, shall not be less than the minimum size factor set out in column 4 of Schedule 1 for the size of tire set opposite thereto in column 1.

ENDURANCE TEST

3.—(1) An endurance test shall be carried out by mounting the tire on a standard rim as shown in column 2 of Schedule 1 for the tire size set opposite thereto in column 1 where the tire is inflated to the pressure shown in column 3.

(2) Four groups of cuts shall be placed circumferentially around the tire approximately 90° apart and each group shall consist of one cut in each groove with the cuts located so that no cut comes directly opposite a cut in an adjacent groove and with each cut $\frac{1}{4}$ of an inch in length and $\frac{1}{16}$ of an inch in depth and, where brambles or tie bars are present in the groove, the cuts shall be located approximately midway between brambles or tie bars and the initial total length of the cuts shall be recorded.

(3) The tire and rim assembly, referred to in subsections 1 and 2, shall be mounted on an axle and pressed against a test wheel consisting of a steel wheel 67.23 inches in diameter with a flat face of at least the same width as the cross-section of the tire to be tested and with the test axle load required by subsection 6.

(4) The tire while being tested shall be located in an air space controlled at a temperature of not less than 95° Fahrenheit and not more than 105° Fahrenheit.

(5) Test loads shall be determined with the tire positioned on the test wheel after the tire has been conditioned for a minimum of three hours,

- (a) at a temperature of not less than 95° Fahrenheit and not more than 105° Fahrenheit; and
- (b) with inflation pressure adjusted to the pressure shown in column 3 of Schedule 1.

(6) The test procedure shall be as set out in the following Table where the test axle loads are those set out in column 2 of Schedule 4 for 4 ply rating tires and in column 3 of Schedule 4 for 8 ply rating tires for the tire size set opposite thereto in column 1.

TABLE

Column 1	Column 2	Column 3	Column 4	Column 5
Speed	Initial Inflation Pressure	Test Axle Load	Hours	Test Miles
50 MPH	4 ply rating — 24 psi	Test axle load A	1	200
	8 ply rating — 32 psi	Test axle load B	6	300
		Test axle load C	24	1,200

(7) Where a tire is tested in accordance with this section and,

- (a) there is evidence of tread separation, ply separation, cord separation or bead separation; or
- (b) the total length of the cuts referred to in subsection 2 exceeds five times the initial total length of the cuts,

the tire shall be deemed not to comply with this section.

BREAKING ENERGY TEST

4.—(1) Where a tire has passed the endurance test required by section 3, the tire shall be mounted on a standard rim and inflated to the pressure shown in column 3 of Schedule 1 for the tire size set opposite thereto in column 1.

(2) A cylindrical steel plunger of 3/4 of an inch in diameter and with a hemispherical end shall be forced perpendicularly into the tire tread at a rate of two inches per minute until the tire breaks or until the plunger is stopped by the rim, and the plunger shall be positioned as near as possible to the centre line of the tread and shall not penetrate a tread groove or an area of the cuts made in accordance with subsection 2 of section 3.

(3) In measuring force and penetration, the measurements shall be made at five points, equally spaced around the circumference of the tire,

- (a) when the plunger breaks the tire; or
- (b) when the plunger is stopped by the rim.

(4) The energy value to break a tire is the average of the energy values at break calculated in inch pounds, which is one-half the force in pounds at break multiplied by the penetration in inches at break.

(5) Where a tire is tested in accordance with this section, the energy value at break as calculated in subsection 4 shall not be less than the minimum breaking energy requirements set out in column 3 of Schedule 3 for the tire size set opposite thereto in column 1.

HIGH SPEED PERFORMANCE TEST

5.—(1) A high speed performance test shall be performed by,

- (a) mounting a tire on a standard rim as shown in column 2 of Schedule 1 for the tire size set opposite thereto in column 1 and inflating the tire to 30 psi pressure for 4 ply rating tires and 38 psi pressure for 8 ply rating tires; and
- (b) conditioning the tire at a temperature of not less than 95° Fahrenheit and not more than 105° Fahrenheit for a minimum of three hours and adjusting the inflation pressure to 30 psi for 4 ply rating tires and 38 psi pressure for 8 ply rating tires as required by clause a.

(2) The tire and rim assembly referred to in subsection 1 shall be mounted on an axle and pressed against a test wheel consisting of a steel wheel 67.23 inches in diameter with a flat face of at least the same width as the cross-section of the tire to be tested and with the test axle loads set out in the Table to subsection 4.

(3) The tire while being tested shall be located in an air space controlled at a temperature of not less than 95° Fahrenheit and not more than 105° Fahrenheit.

(4) Subject to subsection 5, in determining the high speed performance, the progressive test speeds and conditions shall be as set out in the following Table, except that deep-tread winter tires shall not be tested at 85 miles per hour test speed:

TABLE

Speed	Initial Inflation Pressure		Test Axle Load	Hours	Test Miles
	4 ply rating	8 ply rating			
50 MPH	30 psi	38 psi	Test axle load A	2	100.
75 MPH	30 psi	38 psi	Test axle load A	$\frac{1}{2}$	37.5
80 MPH			Test axle load A	$\frac{1}{2}$	40.
85 MPH			Test axle load A	$\frac{1}{2}$	42.5
				Total	220.0

(5) After the tire has been tested at the 50 miles per hour speed referred to in the Table to subsection 4, the tire shall be allowed to cool to 100° Fahrenheit temperature and the inflation pressure shall be re-adjusted to 30 psi pressure for 4 ply rating tires and 38 psi pressure for 8 ply rating tires before continuing the test.

(6) Where a tire is tested in accordance with this section and there is evidence of bead separation, ply separation, cord separation or tread separation or of chunking, the tire shall be deemed not to comply with this section.

TUBELESS TIRE BEAD UNSEATING TEST

6.—(1) A bead unseating test shall be performed by,

- (a) mounting, without the use of lubrication, a tire that has been washed and dried at the two beads on a clean and painted standard rim free of burrs, dents or other irregularities; and
- (b) inflating the tire to the pressure shown in column 3 of Schedule 1 for the tire size set opposite thereto in column 1.

(2) The tire and rim assembly referred to in subsection 1 shall be mounted on the bead unseating fixture in the manner illustrated in Schedule 5 and a load sufficient to unseat the bead shall be applied,

- (a) through a standard block having the dimensional specifications set out in Schedule 6; and
- (b) to the tire sidewall at a rate of two inches per minute,

and the test shall be performed at each stud hole position.

(3) The force required to unseat the bead in the manner prescribed in subsection 2 shall be recorded.

(4) Where a tire is tested in accordance with this section, the applied force required to unseat the bead at the point of contact shall not be less than 2,500 pounds.

TIRE MARKINGS

7.—(1) Where a tire conforms with the requirements of this Regulation, the tire shall be permanently identified on one sidewall at a location that will not be obstructed by the rim when the tire is inflated on the rim and the identification shall not be removed in a retreading or recapping process.

(2) The identification required by subsection 1 shall consist of,

- (a) the manufacturer's or distributor's name or trademark;
- (b) the brand name of the tire;
- (c) the size of the tire; and
- (d) the designation "V - 1" in accordance with the dimensional specifications set out in Schedule 2.

(3) The sidewall that does not bear the identification required by subsection 1 shall be marked with at least the designation "V - 1" in the manner required by clause d of subsection 2 and at a location that will not be obstructed by the rim when the tire is inflated on the rim, and the designation shall not be removed in a retreading or recapping process.

8. Subject to section 9, no person shall have for sale, or sell or offer for sale,

- (a) a new passenger car or station wagon equipped with tires of the sizes set out in column 1 of Schedule 1 unless the tires conform with the requirements of this Regulation; and
- (b) on or after the 1st day of July, 1967, a new tire of the sizes set out in column 1 of Schedule 1 for a passenger car or station wagon, unless the tire conforms with the requirements of this Regulation.

9. Where a new tire manufactured prior to the 1st day of July, 1967, meets the requirements of this Regulation, except for the designation "V - 1" required by clause d of subsection 2 of section 7, the tire shall be deemed to conform with the requirements of this Regulation.

10. Where the Minister is satisfied that a tire does not meet the requirements of this Regulation, he may prohibit the sale of the tire.

Form 9

*The Securities Act, 1966*INFORMATION REQUIRED IN PROSPECTUS
OF INDUSTRIAL COMPANY

ITEM 1. Distribution Spread:

The information called for by the following Table shall be given, in substantially the tabular form indicated, on the outside front cover page of the prospectus as to all securities being offered for cash (estimate amounts, if necessary).

TABLE

	COLUMN 1	COLUMN 2	COLUMN 3
	Price to public	Underwriting discounts or commissions	Proceeds to issuer or selling security-holder
Per unit....
Total.....

Instructions:

1. Only commissions paid or payable in cash by the issuer or selling securityholder or discounts granted are to be included in the Table. Commissions or other consideration paid or payable in cash or otherwise by other persons or companies and consideration other than discounts granted and other than cash paid or payable by the issuer or selling securityholder shall be set out following the Table with a reference thereto in the second column of the Table. Any finder's fees or similar payments shall be appropriately disclosed.
2. If it is impracticable to state the price to the public, the method by which it is to be determined shall be explained. In addition, if the securities are to be offered at the market, indicate the market involved and the market price as of the latest practicable date.
3. If any of the securities offered are to be offered for the account of existing securityholders (secondary distribution), refer on the first page of the prospectus to the information called for by Instruction 3 to Item 19.
4. With the consent of the Director the information called for by the Table may be given in narrative form.

ITEM 2. Plan of Distribution:

- (a) If the securities being offered are to be sold through underwriters, give the names of the underwriters. State briefly the nature of the underwriters' obligation to take up and pay for the securities.
- (b) Outline briefly the plan of distribution of any securities being offered that are to be offered otherwise than through underwriters.

Instruction:

All that is required as to the nature of the underwriters' obligation is whether the underwriters are or will be committed to take up and pay for all of the securities if any are

taken up, or whether the underwriting is merely an agency or "best efforts" arrangement under which the underwriters are required to take up and pay for only such securities as they may sell to the public. Conditions precedent to the underwriters' taking up the securities, including "market outs", need not be described except to the extent that such conditions precedent are not satisfied prior to the commencement of the sale of the securities to the public.

ITEM 3. Use of Proceeds to Issuer:

- (a) State the estimated net proceeds to be derived by the issuer from the sale of the securities to be offered, the principal purposes for which the net proceeds are intended to be used and the approximate amount intended to be used for each such purpose.
- (b) State the particulars of any provisions or arrangements made for holding any part of the net proceeds of the issue in trust or subject to the fulfilment of any conditions.

Instructions:

1. Details of proposed expenditures are not to be given except as otherwise required hereunder. If any substantial part of the proceeds has not been allocated for particular purposes, a statement to that effect shall be made together with a statement of the amount of the proceeds not so allocated.
2. Include a statement regarding the proposed use of the actual proceeds if they should prove insufficient to accomplish the purposes set out, and the order of priority in which they will be applied. However, such statement need not be made if the underwriting arrangements are such that, if any securities are sold to the public, it can be reasonably expected that the actual proceeds of the issue will not be substantially less than the estimated aggregate proceeds to the issuer as shown under Item 1.
3. If any material amounts of other funds are to be used in conjunction with the proceeds, state the amounts and sources of such other funds. If any material part of the proceeds is to be used to reduce or retire indebtedness, this item is to be answered as to the use of the proceeds of the indebtedness if the indebtedness was incurred within the two preceding years; otherwise, it will suffice to state that the proceeds are to be used to reduce or retire the indebtedness.
4. If any material amount of the proceeds is to be used directly or indirectly to acquire assets, otherwise than in the ordinary course of business, briefly describe the assets, and, where known, the particulars of the purchase price being paid for or being allocated to the respective categories of assets (including intangible assets) that are being acquired and, where practicable and meaningful, give the name of the person or company from whom the assets are to be acquired. State the cost of such assets to the issuer and the principle followed in determining such cost. State briefly the nature of the title to or interest in such assets to be acquired by the issuer. If any part of the consideration for the acquisition of any such assets consists of securities of the issuer, give brief particulars of the designation, number or amount, voting rights (if any) and other appropriate information relating to such class of securities, including particulars of any allotment or issuance of any such securities within the two preceding years.

ITEM 4. Sales Otherwise than for Cash:

If any of the securities being offered are to be offered otherwise than for cash, state briefly the general purposes of the issue, the basis upon which the securities are to be offered, the amount of compensation paid or payable to any person or company and any other expenses of distribution, and by whom they are to be borne.

Instruction:

If the offer is to be made pursuant to a plan of acquisition, describe briefly the general effect of the plan and state when it became or is to become operative. As to any material amount of assets to be acquired under the plan, furnish information corresponding to that required by Instruction 4 to Item 3.

ITEM 5. Share and Loan Capital Structure:

Furnish in substantially the tabular form indicated, or where appropriate in notes thereto:

- (1) particulars of the share and loan capital of the issuer;

- (2) particulars of the loan capital of each subsidiary of the issuer (other than loan capital owned by the issuer or its wholly-owned subsidiaries) whose financial statements are contained in the prospectus on either a consolidated or individual basis;
- (3) the aggregate amount of the minority interest in the preference shares, if any, and the aggregate amount of the minority interest in the common shares and surplus of all subsidiaries whose financial statements are contained in the prospectus on a consolidated basis; and
- (4) the aggregate amount of the minority interest in the preference shares, if any, and the aggregate amount of the minority interest in the common shares and surplus of all subsidiaries whose financial statements are contained in the prospectus on an individual basis and not included in the consolidated financial statements.

TABLE

COLUMN 1	COLUMN 2	COLUMN 3	COLUMN 4	COLUMN 5
Designation of security	Amount authorized or to be authorized	Amount outstanding as of the date of the most recent balance sheet contained in the prospectus	Amount outstanding as of a specific date within 30 days	Amount to be outstanding if all securities being issued are sold
.....

Instructions:

- 1. Do not include indebtedness classified as current liabilities unless secured.
- 2. Set out in a note to the Table a cross reference to any note in the financial statements containing information concerning the extent of obligations arising by virtue of leases on real property.
- 3. Individual items of indebtedness which are not in excess of 3% of total assets as shown in the balance sheet referred to in Column 3 may be set out in a single aggregate amount under an appropriate caption such as "Sundry Indebtedness".
- 4. Where practicable, state in general terms the respective priorities of the indebtedness shown in the Table.
- 5. Give particulars of the amount, general description of and security for any substantial indebtedness proposed to be created or assumed by the issuer or its subsidiaries, other than indebtedness offered by the prospectus.
- 6. No information need be given under Column 2 with respect to the common and preference shares of subsidiaries.

- 7. For the purposes of Column 3, in computing the amount of the minority interest in the subsidiaries whose financial statements are contained in the prospectus on an individual basis and not included in the consolidated financial statements, such computation may be based on the financial statements of each such subsidiary contained in the prospectus.
- 8. In computing the minority interest in the subsidiaries for the purposes of Column 4, the amount set out in Column 3 may be used provided that appropriate adjustment is made to such amount to reflect any change in the percentage of ownership in the capital and surplus of any subsidiary by the minority interest.
- 9. The thirty-day period referred to in Column 4 is to be calculated within thirty days of the date of the preliminary prospectus or the date of the prospectus filed under section 56, as the case may be.
- 10. The information to be set out in Column 5 may be based upon the information contained in Column 4, adjusted to take into account any amounts set out in Column 4 to be retired out of the proceeds of the issue.

ITEM 6. Name and Incorporation of Issuer:

State the full corporate name of the issuer and the address of its head office and principal office. State the laws under which the issuer was incorporated and whether incorporated by letters patent or otherwise and the date thereof. If material state whether supplementary letters patent or similar authority for amendment or variation of the letters patent or other constating document have been issued.

Instructions:

1. Particulars of any such documents need be set out only if material to the securities offered by the prospectus. See Item 11.
2. If the issuer is not a company, give material details of its form of organization and structure.

ITEM 7. Description of Business:

Briefly describe the business carried on and intended to be carried on by the issuer and its subsidiaries and the general development of such business within the five preceding years. If the business consists of the production or distribution of different kinds of products or the rendering of different kinds of services, indicate, in so far as practicable, the principal products or services.

Instructions:

1. The description shall not relate to the powers and objects specified in the incorporating instruments, but to the actual business carried on and intended to be carried on. Include the business of subsidiaries of the issuer only in so far as is necessary to understand the character and development of the business conducted by the combined enterprise.
2. In describing developments, information shall be given as to matters such as the following: the nature and results of any bankruptcy, receivership or similar proceedings with respect to the issuer or any of its subsidiaries; the nature and results of any other material reorganization of the issuer or any of its subsidiaries; the acquisition or disposition of any material amount of assets otherwise than in the ordinary course of business; any material changes in the types of products produced or services rendered by the issuer and its subsidiaries; and any material changes in the mode of conducting the business of the issuer or its subsidiaries.
3. Where appropriate to a clear understanding by investors of the speculative nature of the enterprise or the securities being offered, an introductory statement shall be made on the outside front cover page of the prospectus, summarizing the factors which make the offering a speculation and setting forth such matters as a comparison, in percentages of the securities being offered to the public for cash and those issued or to be issued to promoters, directors, officers, controlling persons and underwriters for cash, property and services. With the consent of the Director the information called for by this instruction may be given in the body of the prospectus if an appropriate reference is made on the outside front cover of the prospectus to the speculative or promotional nature of the enterprise and a cross reference is made to the body of the prospectus where such information is contained.

ITEM 8. Description of Property:

State briefly the location and general character of the principal properties, including buildings and plants, of the issuer and its subsidiaries. If any such property is not freehold property or is held subject to any major encumbrance, so state and briefly describe the nature of the title or any such encumbrance, as the case may be.

Instruction:

What is required is information essential to an investor's appraisal of the securities being offered. Instructions:

1. Only commissions paid or payable in cash by the issuer or selling securityholder or discounts granted are to be included in the Table. Commissions or other consideration paid or payable in cash or otherwise by other persons or companies and consideration other than discounts granted and other than cash paid or payable by the issuer or selling securityholder shall be set out following the Table with a reference thereto in the second column of the Table. Any finder's fees or similar payments shall be appropriately disclosed.
2. If it is impracticable to state the price to the public, the method by which it is to be determined shall be explained. In addition, if the securities are to be offered at the market, indicate the market involved and the market price as of the latest practicable date.
3. If any of the securities offered are to be offered for the account of existing securityholders (secondary distribution), refer on the first page of the prospectus to the information called for by Instruction 3 to Item 23.
4. With the consent of the Director the information called for by the Table may be given in narrative form.

- (b) Outline briefly the plan of distribution of any securities being offered that are to be offered otherwise than through underwriters.

Instruction:

All that is required as to the nature of the underwriters' obligation is whether the underwriters are or will be committed to take up and pay for all of the securities if any are taken up, or whether the underwriting is merely an agency or "best efforts" arrangement under which the underwriters are required to take up and pay for only such securities as they may sell to the public. Conditions precedent to the underwriters' taking up the securities, including "market outs", need not be described except to the extent that such conditions precedent are not satisfied prior to the commencement of the sale of the securities to the public.

ITEM 3. Use of Proceeds to Issuer:

Instructions:

2. Include a statement regarding the proposed use of the actual proceeds if they should prove insufficient to accomplish the purposes set out, and the order of priority in which they will be applied. However, such statement need not be made if the underwriting arrangements are such that, if any securities are sold to the public, it can be reasonably expected that the actual proceeds of the issue will not be substantially less than the estimated aggregate proceeds to the issuer as shown under Item 1.
3. If any material amounts of other funds are to be used in conjunction with the proceeds, state the amounts and sources of such other funds. If any material part of the proceeds is to be used to reduce or retire indebtedness, this item is to be answered as to the use of the proceeds of the indebtedness if the indebtedness was incurred within the two preceding years; otherwise, it will suffice to state that the proceeds are to be used to reduce or retire the indebtedness.
4. If any material amount of the proceeds is to be used directly or indirectly to acquire assets, otherwise than in the ordinary course of business, briefly describe the assets, and, where known, the particulars of the purchase price being paid for or being allocated to the respective categories of assets (including intangible assets) that are being acquired and, where practicable and meaningful, give the name of the person or company from whom the assets are to be acquired. State the cost of such assets to the issuer and the principle followed in determining such cost. State briefly the nature of the title to or interest in such assets to be acquired by the issuer. If any part of the consideration for the acquisition

of any such assets consists of securities of the issuer, give brief particulars of the designation, number or amount, voting rights (if any) and other appropriate information relating to such class of securities, including particulars of any allotment or issuance of any such securities within the two preceding years.

7. For the purposes of Column 3, in computing the amount of the minority interest in the subsidiaries whose financial statements are contained in the prospectus on an individual basis and not included in the consolidated financial statements, such computation may be based on the financial statements of each such subsidiary contained in the prospectus.
8. In computing the minority interest in the subsidiaries for the purposes of Column 4, the amount set out in Column 3 may be used provided that appropriate adjustment is made to such amount to reflect any change in the percentage of ownership in the capital and surplus of any subsidiary by the minority interest.
9. The thirty-day period referred to in Column 4 is to be calculated within thirty days of the date of the preliminary prospectus or the date of the prospectus filed under section 56, as the case may be.

2. In describing developments, information shall be given as to matters such as the following: the nature and results of any bankruptcy, receivership or similar proceedings with respect to the issuer or any of its subsidiaries; the nature and results of any other material reorganization of the issuer or any of its subsidiaries; and any material changes in the mode of conducting the business of the issuer or its subsidiaries.

Conditions precedent to the underwriters' taking up the securities, including "market outs", need not be described except to the extent that such conditions precedent are not satisfied prior to the commencement of the sale of the securities to the public.

Describe the options, stating the material provisions including, (i) the designation and number of the securities called for by such options; (ii) the purchase prices of the securities called for and the expiration dates of such options; and (iii) the market value of the securities called for by such options as of the latest practicable date.

- 3. If any material amounts of other funds are to be used in conjunction with the proceeds, state the amounts and sources of such other funds. If any material part of the proceeds is to be used to reduce or retire indebtedness, this item is to be answered as to the use of the proceeds of the indebtedness if the indebtedness was incurred within the two preceding years; otherwise, it will suffice to state that the proceeds are to be used to reduce or retire the indebtedness.
